ATTENDANCE POLICY

Philosophy

Research demonstrates that students who regularly attend school achieve higher grades, enjoy school more, and increase their chances of future success. Students must be active participants in school to achieve maximum benefit from their education. It is, therefore, vital that students attend on a regular basis.

Policy

Students who are absent 10% or more of the days in which they are enrolled at WES/NLES, will be asked to meet with the principal to discuss attendance. Failure to meet with the principal may result in the student being retained and/or referred to the juvenile courts. For the student who is enrolled for the full year, this translates into 18 days of absence and 162 in attendance. The state has designated specific responsibilities to the district and to the parents as explained below. You will note that there is a legal obligation for children to attend school and upon the district to report students who fail to attend school.

IC20-33-2-25

Report to juvenile court intake officer; habitual absence from school: Sec.25

The superintendent or an attendance officer having jurisdiction may report a child who is habitually absent from school in violation of this chapter to an intake officer of the juvenile court. The intake officer shall proceed in accordance with IC31-30 through IC31-40 As added by P.L.1-2005, Sec. 17.

ABSENCES:

- Parents are required to call the school office by 8:30 to let the school know the nature of the absence. This call will serve as your absence note.
- Parents of children listed as absent, who have not informed the school, will be called to ask about the nature of the child's absence.
- Please call in homework requests by 10 AM. Homework can be picked up in the office between 2:45 and 3:30. Students will be given the opportunity for making up work missed due to approved absences. The length of time for completion of make up work shall be commensurate with the length of the absence.
- Students who have a fever or vomit will be sent home.

EXCUSED ABSENCES:

An excused absence is one which is excusable by state law. The only excuses which are considered valid are personal illness, death in the family, religious holidays, medical or dental appointments, quarantine or legal appointments.

UNEXCUSED ABSENCES:

- Failure to send a note of explanation the day following an absence or calling deems the absence unexcused.
- An unexcused absence is any absence approved by the parent but not excusable by state law (see above).
- An unexcused absence indicates that credit will not be given for make up work.

When there are two instances of unexcused absences, the juvenile department of probation requires these absences be reported. This will result in a hearing for the child and the parents.

TRUANCY:

Truancy is absence without the knowledge or approval of the parent/guardian.

- A parent conference is required for readmission to school after truancy.
- The student shall not receive credit on all work missed, assignments due and tests given during the period of truancy.
- When a child surpasses 10 unexcused absences from school, they will be considered a habitual truant. A habitual truant is a student who is chronically absent by having unexcused absences exceeding 10 days in one school year.

ELEVENTH AND ALL FUTURE ABSENCES

After the tenth absence in a year, excused, unexcused, or truant, the student must have a doctor’s written excuse. Should the doctor’s excuse not be provided, the school work missed shall not be accepted and the scores (grades) will be marked as “0”.

DOCTOR/DENTIST APPOINTMENTS:

IN ADVANCE of the appointments, the school should receive notification that the student will be out for these appointments in order for them to be excused. The student should report back to school immediately after their appointment if school is still in session.

The student shall bring a signed statement from the doctor, dentist, counselor, lawyer, etc. to the effect that he/she reported promptly for the appointment. The statement should include the time the appointment was finished. This statement will excuse the absence.

STUDENT VACATION POLICY:

The full value of a student’s education is jeopardized when instructional days are missed. Of course, personal illness and family emergencies are valid cause of absence. Family vacations should be planned to coincide with the John Glenn School calendar. Should a family elect other days of absence, those days will be considered unexcused. Parents must contact the office. Vacations – office requests at least 48 hours advanced notice for vacations to secure homework.

TARDY:

When arriving in the classroom after 8:10 for WES students and 8:05 for NLES students, students are counted tardy. If a student accumulates more than six tardies in a semester, detention will be assigned. Students arriving late to school due to appointments with doctor, dentist, etc., will not be counted as tardy if they submit a note verifying this appointment.

BAD WEATHER DELAYS/CANCELLATIONS:

There are those occasional times when school needs to close early due to weather conditions. As a result, the school needs to know where your child is to go when this occurs. Our assumption will be to send your child to the same place we send them each day. If the parent has another location the child is to go, it is the parent’s responsibility to inform the school at the beginning of the school year.

School closing, delayed starting, or early closing information is available in the following ways:

- | | | |
|--------------------------|---------------------|---------------------|
| WNDU – TV and radio | WSBT – TV and radio | WFRN |
| WLOI | WKVI | WTCA |
| www.weareclosedtoday.com | School website | Email if in Harmony |

Please monitor one of these sources during inclement weather conditions.

PERMISSION TO LEAVE SCHOOL:

It is the school policy to not allow students to leave the building during the regular school day. In the event it becomes necessary for a student to leave school, the parents/guardians must sign out their child in the main office and sign in upon return the same day. Students are never to leave the school or its grounds without informing the school office first. Remember, permission to leave the school must be given by a parent before the school considers the matter. During the school day students are not permitted to visit with other adults or students outside the school. This rule is for the child's and parent's protection. We are interested in your child's security.

Change of Procedures for Going Home

The teacher and the bus driver must have a note if there is a change from the normal procedure for your child to go home. These changes may include such things as staying for an after school activity, going home with a friend, being dropped at the babysitters, or waiting at the school for a parent to pick them up.

Your child will be sent home using the usual procedures unless we receive notification from you, the parent. It is best if you send in a note with your child. We understand that plans must sometimes change and we will take phone calls in those circumstances. Please realize that we will do our best to get the message to your child. We appreciate such calls before 1:30. We need time to locate your child and deliver the message without interrupting the school day.

DISCIPLINE

These rules apply when a student is:

- On school grounds immediately before or during school hours, immediately after school hours or at any other time when the school is being used by a school group (including summer school).
- Off school grounds at a school activity, function, or event.
- Traveling to or from school or a school activity, function or event; or
- Using property or equipment provided by the school.

BUS DISCIPLINE:

Students are given bus rules by their bus drivers. The drivers will contact you when your child does not follow the rules. Please keep the line of communication open with your bus driver.

If a behavior problem continues, the student will be referred to the principal's office. The parent will receive information about the referral from the principal. Should a child continue to disrupt the bus, the driver can suspend the child from the bus. The last result is the total loss of bus privilege for a semester.

Please encourage your child to think about the first job the bus driver has to do -- get your child to school safely. To ride the bus is a privilege.

Finally, bus drivers must have a note when a student is going home with another student or is to ride a different bus to their destinations. Should a note not be presented, the driver will deliver the child as they would on any other day. It is also necessary to inform the classroom teacher of any change in the child's bus routine.

GENERAL SCHOOL DISCIPLINE:

Lifelong skills give direction to children and provide an understanding of their responsibilities they have for each other. The Lifelong skills are: integrity, initiative, flexibility, perseverance, organization, sense of humor, effort, common sense, problem solving, responsibility, patience, friendship, curiosity, cooperation and caring.

Specific student responsibilities are:

- Each student shall accept the responsibility for his or her own behavior.
- Each student shall show respect for self and others.
- Each student shall comply with board and school policies, rules, and standards designed for the protection of the rights of all.
- Each student shall be involved in the educational process to the fullest extent possible.

Parent Responsibilities

- We ask that you become familiar with these guidelines and review them with your students.
- Please work with your students and with school personnel to resolve any disciplinary problems.
- You can be required to participate in any action taken in connection with your child's behavior. Discipline starts in the home.

The school acknowledges that conduct is closely related to learning and that an effective instructional program requires an orderly school environment, which is in part, reflected in the behavior of students.

The school believes that the best discipline is self-imposed and students should learn to assume responsibility for their own behavior and the consequences of their actions.

It is important to note that our staff will not allow any child to stop the teacher from teaching and children from learning. We follow state guidelines in disciplinary procedures. Corporal punishment, i.e. paddling, is an ongoing concern by schools and parents. Knowing this, it is important for you to know the school does use corporal punishment (paddling) on a rare occasion. Paddling is a last resort prior to suspension from school. Should you feel the paddling of your child, under any circumstances, is not acceptable to you, please place that in writing to us each year and we will make every effort to not use that step in the discipline plan for your child. We will move to the suspension penalty instead.

Student re-direction may include:

- Positive reinforcement
- Reprimands
- Counseling
- Parent conferences
- Rearranging class schedules
- After or before school detentions
- Transportation to be provided by parents with 24 hour notice
- JGSC District Saturday School
- Transportation to be provided by parent with 24 hour notice
- In-school suspension
- Out of school suspension
- Expulsion
- Extra curricular activity restrictions
- Rescinding bus privileges
- Referring pupils to law enforcement personnel in cases related to violations of the law
- Corporal punishment

- The use of corporal punishment would normally be taken only when other efforts to correct misbehavior have failed, except for those acts of misconduct that are so anti-social or disruptive in nature as to shock the consciousness, in which case it may be used as a first time punishment.

BULLYING:

Bullying is defined as "overt, unwanted, repeated acts or gestures, including verbal or written communications or images transmitted in any manner (including digitally or electronically), physical act committed, aggression, or any other behaviors that are committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the targeted student and create for the targeted student an objectively hostile school environment." Bullying is grounds for suspension and the rule applies when a student is on school grounds immediately before or during school hours, immediately after school hours or at any other time when the school is being used by a school group; off school grounds at a school activity, function or event; traveling to or from school or a school activity, function, or event; when the individual committing the bullying behavior and any other the intended targets of the bullying behavior are students attending a school within a school corporation; or using property or equipment provided by the school.

All acts of bullying should be reported to a staff member with whom the student feels comfortable talking. Reports of bullying will then be relayed to the Principal (or his/her designee) for investigation. The parents of both students will be contacted if it is appropriate.

Students will be educated on the effects and consequences bullying has on all parties involved. The staff at WES helps limit bullying by being a presence in the hallway between classes, before school, and after school.

Verbal – name calling, teasing, taunting, racist or bigoted remarks, insults, sexual remarks

Emotional – intimidating, humiliating, excluding, and threatening

Physical – pushing, shoving, hitting, tripping, kicking, inappropriate touching, and any other hurtful behaviors

- Parents or students who suspect that repeated acts of bullying are taking place should report the matter to the school principal. School personnel will investigate all reports of bullying.
- Counseling, corrective discipline, and/or referral to law enforcement will be used to change the behavior climate, and support for victims and others impacted by violation.

SUSPENSION/EXPULSION:

- Recognizing that the behavior of some students may be so disruptive that it interferes with school purposes or educational functions of the school corporation, school officials may find it necessary to remove a student from the school. In this event and in accordance with the provisions of Indiana Code 20-8.1-5.1, the Board of School Trustees authorizes administrators and staff members to take the following actions:
- Removal from class or activity -- teacher: An elementary teacher will have the right to remove a student from his/her classroom or activity for a period of up to one school day if the student is assigned regular or additional work to be completed in another school setting.
- Suspension from school -- principal: A school principal (or designee) may deny a student the right to attend school or take part in school function for a period of up to ten school days.
- Expulsion: In accordance with the due process procedures defined in this policy, a student may be expelled from school for a period no longer than the remainder of the current semester with the exception of a violation of rule 14 listed under the grounds for suspension and expulsion in this policy.

CELL PHONES and all other ELECTRONIC DEVICES

Students are prohibited from using cell phones during the school day. This includes lunch periods, recess, and passing periods as well as on school sponsored trips.

Cell phones and/or other electronic devices may not be used in any manner that will cause disruption to the educational environment.

Students involved in athletics or other extracurricular activities must contact their coach or sponsor for his/her rules involving cell phone use after school hours or on after-school bus trips. Coaches and sponsors will establish their rules and consequences for the use of these devices.

JGSC will not be responsible for the loss, damage, or theft of any electronic device brought to school.

Consequences for insubordination involving electronic devices include, but are not limited to, the confiscation of the device. The parent or guardian must then pick up the item from the school.

Important Notice to Students and Parents Regarding Cell Phone Content and Display

Students shall not engage in sending, sharing, viewing, or possessing pictures, text messages, e-mails, or other material of a sexual nature in electronic or any other form, including the contents of a cell phone or another electronic device.

- The Child Abuse/Neglect Law requires school personnel to report to law enforcement of child protective services when ever a reason to believe that any person/student is involved with “child exploitation” or “child pornography” as defined by Indiana Criminal Statutes exists.
- It is “child exploitation,” a Level 5 felony under I.C. 35-42-4-4(b), for any person/student (1) to exhibit, photograph, or create a digitalized image of any incident that includes “sexual conduct” by a child under the age of 18; or (2) to disseminate, exhibit to another person, or offer to so disseminate or exhibit, matter that depicts or describes “sexual conduct” by a child under the age of 18.

- It is “child pornography,” a Level 6 felony under I.C. 35-42-4-4 (d), for any person/student to *possess* access with intent to view a photograph, motion picture, digitalized image, or any pictorial representation that depicts or describes “sexual conduct” by a child who the person knows is less than 18 years of age or who appears less than age 18.
- “Sexual conduct” is defined by I.C. 35-42-4-4(a) to include sexual intercourse, exhibition of the uncovered genitals or female breasts showing any part of the nipple intended to satisfy or arouse the sexual desires of any person, or any fondling or touching of a child by another person or of another person by a child intended to arouse or satisfy the sexual desires of the child or other person.
- The Indiana Sex Offender Registration Statute at I.C. 11-8-8-7 and the Sex Offender Registry Offense Statute at I.C. 35-42-4-11, require persons convicted of or adjudicated as a juvenile delinquent for violating the Child Exploitation Statute at I.C. 35-42-4-4(b) to register as a sex offender.
- Because student cell phones have been found in a number of Indiana school districts to have contained evidence of “sexual conduct” as defined above, parents and students must be aware of the legal consequences should this occur in the John Glenn School Corporation.

COMPUTERS: (www.jgsc.k12.in.us)

Students in grades 4, 5, 6 receive regular training on computers. Training consists of keyboarding, word processing, database, spreadsheet and other usage. Students in grades K-3 use computers for drill and practice. Students will have individual access to the Internet through computers in the school. It is the corporation’s belief parents should decide if their child should have access to this resource. A signed Agreement Form is kept in the office for each student.

DRESS CODE:

The standards noted are designed in order to promote safety, decency, and the creation of non-disruptive atmosphere to support the educational process.

- All shorts, skirts, or dresses should be of modest length. Saggy pants, pajama bottoms, bicycle shorts, and hems that drag on the floor are not appropriate for school. No words should appear on the seat of sweatpants or shorts.
- Clothing that shows any type of personal undergarments is unacceptable.
- Tank tops, tube tops, spaghetti straps, and mesh “t” shirts are not allowed. Shirts must completely cover the stomach at all times.
- **While we understand flip flops are a popular shoe choice, they are not the best choice for school. Due to playground surface, we strongly recommend your child have a spare pair of shoes at school in the event your child’s flip flop breaks.**
- Jewelry depicting drugs, tobacco, alcohol, drug paraphernalia, or having sexual connotations will not be allowed.
- Clothing, symbols, and gestures commonly associated with “gang” behavior will not be permitted, including, but not limited to, bandannas, drawings, jewelry, pictures, etc.
- Teachers are responsible for making decisions concerning dress. They will be required to send the student with a note to the office for decisions on acceptable clothing. Students may also be sent home if, in the judgment of the teacher/administrator, the attire is disruptive to the educational process. The final decision will be made by the principal.
- Students who are not able to reach their parent will be given donated clothing (when possible) to wear which should be returned. (If you have extra sweat shirts or pants, we would be happy to have these donations.) If the school does not have clothing available, the student may be placed in ISS for the day.

- The popularity of coloring hair has increased over the past few years. In order to not disturb the educational process, extreme or unnatural colors of hair are not acceptable. Examples of such hair colors are bright yellow, green, orange, blue, pink and bright red. Haircuts have also varied throughout the years. Unusual and extreme styles become distracters in the school and are not acceptable.
- **Hats are only allowed for special occasions such as “Hat Day” or “Red Ribbon Wk”.**

If you find yourself questioning whether or not your choices are acceptable, then it is safe to assume they are not.

FIRE/TORNADO INFORMATION:

It is a state law that fire drills are held once a month. The fire exit routes are posted in each classroom. Each teacher will explain which exit to use from their room. Severe weather drills are held seasonally. The teacher is alerted through the public address system. Each classroom has a designated area to which the teacher will direct the students. A list of instructions is posted in each classroom.

GENERAL SCHOOL RULES:

- 1) Students shall chew gum and eat candy only under the direction of the teacher.
- 2) Students shall not be in any room where there is not a teacher or adult present.
- 3) Students shall come to the office only when they have a pass from their teacher.
- 4) Students shall not fight on school property, on the bus or to and from school. (initiating, threatening, shoving, intimidating, swearing, or intending to cause physical damage, and/or unnecessary defense.)

- Students shall refrain from whistling, yelling or making loud noises in the hall.
- Students shall not run in the hall.

HOMEWORK:

Homework fulfills the following purposes:

- To review and reinforce classroom learning by providing practice with an application of knowledge gained.
- To teach students responsibility, neatness and organizational skills.
- To promote wise and orderly use of time.

Due to the importance of homework, teachers frequently allow study time in class for given assignments. However, not every student will have the same amount of homework each evening. The amount of homework

is dependent upon each student's daily schedule and curriculum. It will also vary according to the age, the cognitive style, and the physical needs of the student.

Failure to do school work and assignments: All school work and homework are expected to be completed on time. The teacher understands situations may exist whereby an assignment may need additional time. In such cases the parent must contact the teacher to make these arrangements.

Students are expected to complete homework assignments in all areas of learning. Parental interest and concern in regard to completing assignments will help instill a positive attitude about the importance of homework and proper study habits. Homework is one vehicle that can assist school in emphasizing the partnership needed between home and school in the educational process of their child. Parents are encouraged to check Harmony daily and use the information to facilitate academic discussions with their child.

LIBRARY BOOKS:

- Books are to be returned each week.
- Students who forget their books will not be allowed to check out library books.
- Books may be renewed.
- Lost or damaged books must be paid for.

LOCKERS:

All lockers are the property of the John Glenn School Corporation. Each school will insure that each student is assigned a locker (in most cases, an individual locker). Students are strongly encouraged to not place valuable items in the lockers. Lockers are not locked. The school is not responsible for articles taken from lockers.

Rolling backpacks do not fit in our lockers and are therefore not allowed.

Lockers will be inspected periodically without notice for damage and inappropriate content. If a locker is damaged, the student to which the locker is assigned is responsible for the cost. No glass containers are allowed in lockers.

LOST AND FOUND:

Lost and found items are kept in a container in the cafeteria. We have a large number of items that are valuable and are not claimed. Please stop by and take a look. Students sometimes don't seem to recognize their items.

RECESS GUIDELINES:

- We believe that children benefit from outdoor recess play. This gives them a chance to get fresh air, exercise, and release excess energy. We monitor the official NOAA weather channel from the Michiana Regional Airport daily.
- When the wind chill factor reaches less than 15 degrees above zero, the children are kept indoors.
- If the temperature is below **50** degrees everyone must have some type of coat. If it is over **50** degrees the choice of whether or not to wear a coat is left up to the child.
- For outdoor recess play during the winter months, we recommend the following articles: warm coat, mittens or gloves, boots, snowsuit (extra pair of jeans kept at school), scarf and a hat.
- All items should be labeled with your child's name.
- Students will be excused from recess only through a doctor's written letter.

GENERAL PLAYGROUND RULES:

- *If you can't see the playground supervisor, then you are not in the right place!*

- To encourage cooperative play, no touching, pushing, or grabbing others is discouraged.
- Sit down when using the slide and not walk up the slide.
- When using the monkey bars line up at one end, climb across, and then return to the other end for another turn. Do not sit on top of the monkey bars or slide down the poles.

BEFORE/AFTER SCHOOL PROGRAMS:

Both NLES and WES have an Extended Care Program. In addition, area churches have joined for the purpose of providing care of children whose parents are not home prior to or after school hours. Those interested in the programs may get information at the school office.

COUNSELING:

A designated staff member to be determined by the principal is available to the students for their social, personal, and educational needs. The staff member is a friend to the students, a resource for the parents, and works closely with representatives of the John Glenn Schools. This person works with individuals, groups, and classes to help provide “preventive” counseling, encourage better student relationships, and promote positive attitudes and choices in the students.

HIGH ABILITY PROGRAM:

The State of Indiana is committed to providing curriculum and instruction of such quality as to ensure that all children, regardless of individual differences are challenged to reach the highest level of achievement consistent with their ability.

High Ability children should have educational experiences which help them meet their full potential and enable them to enter creative leadership positions in society. Walkerton Elementary and North Liberty Elementary provide an enriched environment for students to ensure students are challenged to reach their highest level of achievement.

DIFFERENTIATED INSTRUCTION:

The staff recognizes students learn at different rates and in different manners. The staff attempts to meet each of the students’ needs by altering their teaching style and techniques. Parents will be consulted when such assistance is needed. Any modifications affecting the child’s grades will be noted in the child’s report card and permanent record.

PROMOTION, PLACEMENT, AND RETENTION:

Optimal school achievement is obtained when students experience success in their daily activities and build upon successful experiences as they encounter new learning situations. All aspects of the student must be considered as grade placements are made.

DEFINITIONS:

- **Promotion:** Occurs when a student is doing the caliber of work (grade level) that indicates the student has met the criteria established in Policy **5410** and restated below.
- **Placement:** Occurs when a student is not doing the caliber of work that indicates the student should be promoted to the next grade. However, the student placement team recommends and the building administrator concurs, that it is in the student's best interest to move to the next grade.
- **Retention:** Occurs when a student is not doing the caliber of work that indicates the student should be promoted to the next grade, based on the recommendation of the Student Intervention Team with the concurrence of the building administrator.
- A Student Intervention Team is to be appointed by the principal each year to consider situations in which students may not be promoted to the next grade or may not graduate. Such a team should include classroom teachers, counselors and other support staff, building principal, and parents.

Criteria for Consideration

When the Student Intervention Team is convened, the following criteria shall be considered:

- current level of achievement
- potential for success at the next level
- emotional, physical, social maturity

Final decisions on student promotion, placement, or retention, rest with the building principal.

Time Line for Elementary Grade Placement Changes

1. Before Parent/Teacher Conference: Principal will review grade placement procedures with teachers.
2. October-January: Teacher should inform parents of student progress.
3. Early March: Teacher will notify principal if an alternative grade placement is being considered. The Student Intervention Team may be convened by the principal.
4. Early April: If placement or retention is still being considered, parents should have been notified by this time and commitment to the decision secured.
5. May-June: Decision on placement or retention is made and student Grade Placement Recommendation is completed.

SPECIAL EDUCATION:

The John Glenn School Corporation is a part of the Joint Educational Services for Special Education (JESSE) providing services for 10 school corporations. Students who qualify are provided services for academic and/or speech.

SPEECH AND HEARING:

Throughout the school year, the speech/language pathologist will conduct speech/language and hearing screenings. Screenings will be conducted through state required mass screenings, through teacher and/or case conference committee referrals or when new students enroll in our school system. If a screening indicates a need for further intervention the parent will be notified.

TITLE ONE:

“Swoop” is a nickname for our Title I Program. Students in grades K-3 may qualify for extra reading support each semester thanks to a federally funded program for which JGSC qualifies.

Swoop Groups are busy Mondays through Fridays! The Title I Coordinator travels between two schools to work with teachers and Swoop aides. The instructional aides work within K-3rd grade reading classes offering extra help for reading. Some students work in the Swoop room in the afternoons for half hour periods. The students work in consistent small groups with reading lessons led by the instructional aides.

PARENT SERVICES

Visiting our school

Parents are welcome in the buildings of JGSC. However, due to educational and safety issues, we ask that you follow these guidelines:

- Please register in the office before proceeding into any other section of the building. You will be given a visitors badge. This puts our students at ease since they easily recognize the badge and know that you are a guest in our building instead of a stranger in our building.
- Please realize that our staff members have important duties to complete throughout the school day. Dropping in for a visit without an appointment does not allow for meaningful discussion of a topic. Staff members need to make arrangements so they can attend to your concerns without neglecting their responsibility to our students.
- Please remember to check out with the office.

Report Cards, Progress Reports, and Harmony

Harmony is a service that is greatly improving school to home communication in the John Glenn School Corporation. Parents can access their student's Attendance Record, Discipline Record, Progress Report, and other academic information by logging in to a secure internet site and using a username and password. This allows parents to have real time comprehensive information regarding their student's academic record regardless of what time it is.

Report cards are prepared at the end of each nine weeks. Interim reports will be distributed to parents as necessary. Should special concerns develop, a parent/teacher conference is encouraged.

COUNSELING:

A counselor is available to the students for their social, personal, and educational needs. The role of the counselor is one of a confidant, not a disciplinarian. The counselor works with individuals, groups, and classes to help provide "preventive" counseling, encourage better student relationships, and promote positive attitudes and choices in the students. The counselor is a resource for parents and works closely with the other representative of the John Glenn Schools.

PTA/PTO

The Parent-Teacher Association is a group dedicated to promoting cooperation between parents and teachers. Parents and teachers work together to develop informative programs. The following programs have been sponsored by our PTO/PTA: Fun Fair, Book Fair, Room mothers, Fine Art contests, etc. Money from PTO/PTA projects are used to purchase educational materials and activities for the school. PTO/PTA is a very important line in the education chain. All patrons are encouraged to become members of this fine organization.

REPORTING SCHOOL ACTIVITIES:

Special recognitions of students and various school activities are reported to local newspapers, written in newsletters, etc. Parents were asked to complete the Denial of Permission to Release Certain Directory Information Without Prior Written Consent form at registration. Additional copies may be obtained in each school office.

Nondiscrimination/Equal Opportunity

The district is required by federal and state laws, executive orders, rules and regulations not to illegally discriminate on the basis of: race, color, national origin, religion, sex, age, handicapping conditions, or marital status. The district, therefore, commits itself to nondiscrimination in all its educational and employment activities.

Further, the Board of Education affirms the right of all students and staff, regardless of race, color, religion, national origin, sex or handicapping condition, to be treated with respect and to be protected from intimidation, discrimination, physical harm and/or harassment.

Harassment/discriminatory behavior denies civil rights or access to equal educational opportunities includes comments, name-calling, physical conduct or other expressive behavior directed at an individual or group that intentionally demeans the race, color, religion, national origin, sex or handicapping condition of the individual or individuals or creates an intimidating, hostile or demeaning environment for education.

Students and staff may file a formal grievance regarding discrimination acts with his or her building principal. In addition, a student or staff member may raise such a complaint with the Superintendent. All complaints will be thoroughly investigated and the rights of all parties to the complaint will be protected. Complaint forms are available from the Principal.

Parent Right to Inspect Certain Instructional Materials

The John Glenn School Corporation makes available for inspection by parents or guardians of a student any instructional materials, including teacher manuals, student texts, films or other video materials, tapes and other materials used in connection with a personal analysis, an evaluation, or a survey as described next:

Student Submission to Surveys, Personal Analysis, or Evaluations of School Curriculum

No student shall be required without prior written consent of the students parent or guardian, or prior consent of a student if the student is an adult or is emancipated, to submit to a survey, a personal analysis, or an evaluation not directly related to the academic instruction which reveals information concerning:

- political affiliations;
- religious beliefs or practices;
- mental or psychological conditions that may embarrass the student or his/her family
- sexual behavior and attitudes;
- illegal, anti-social, self-incriminating or demeaning behavior;
- critical appraisals of other individuals with whom the student has a close family relationship;
- legally recognized privileged or confidential relationships including a relationship with a lawyer, physician, or minister; or
- income (except as required by law to determine eligibility for participation in a program or for receiving financial assistance under a program).

Any consent form used in compliance with this policy must state the contents and nature of the personal analysis, survey, or evaluation. (Forms are available in the school office or corporation office.)

Parent/Guardian

As the parent/guardian of this student, I have read the Student Network and Internet Acceptable Use and Safety Policy and Guidelines, and have discussed them with my child. I understand that student access to the Internet is designed for educational purposes and that the Corporation has taken available precautions to restrict and/or control student access to material on the Internet that is obscene, objectionable, inappropriate and/or harmful to minor. However, I recognize that it is impossible for the Corporation to restrict access to all objectionable and/or controversial materials that may be found on the Internet. I will not hold the Corporation (or any of its employees, administrators, or officers) responsible for materials my child may acquire or come in contact with while on the Internet. Additionally, I accept responsibility for communicating to my child guidance concerning his/her acceptable use of the Internet - i.e., setting and conveying standards for my daughter/son to follow when selecting, sharing and exploring information and resources on the Internet. I further understand that individuals and families may be liable for violations.

To the extent that proprietary rights in the design of a web site hosted on the Corporation's servers would vest in my child upon creation, I agree to assign those rights to the Corporation.

- I give permission for my child to use and access the Internet at school and for the Corporation to issue an Internet/e-mail account to my child.
- I give permission for my child's image (photograph) to be published online, provided only his/her first name is used.

As a user of the Corporation's computers/network and the Internet, I agree to communicate over the Internet and the Network in an appropriate manner, honoring all relevant laws, restrictions, and guidelines.

Teachers and building principals are responsible for determining what is unauthorized or inappropriate use. The principal may deny, revoke or suspend access to the Network/Internet to individuals who violate the Student Network and Internet Acceptable Use and Safety Policy and related Guidelines, and take such other disciplinary action as is appropriate pursuant to the Student Code of Conduct
