Meal Payments

Meal payments can be made with cash, check, or myschoolbucks.com. Myschoolbucks.com is a track and prepayment system that allows parents to create a secure online account for payment of school meals. Myschoolbucks.com is an easy and convenient service to manage your student's meal choices and lunch account. We recommend creating an account even if you are not using it as a payment option, as you can use this to follow what your student is purchasing each day. To create an account you will need your students 9 digit ID#. To obtain this information please contact your child's school. Once you set up your account you can monitor your student's lunch activity free of charge. A "low balance alert feature" can be set up to send you an email when your child's account is running low.

If you choose to make an online payment there is a small handling fee ($3.25 or $2.75 for e-check) for each transaction. If you are sending cash please send in a sealed envelope with your child's full name and "lunch money" printed on the front. If you are sending a check please print your child's full name in the memo line. Checks should be made payable to JGSC.
