20<sup>th</sup>...Spell Bowl Competition @NLES 5:00 PM  
27<sup>th</sup> to 28<sup>th</sup>...No School Thanksgiving Break

#### **6<sup>th</sup> Grade Student Council Food Drive**

Help our community by donating any canned good. This is a great way to help people in need. Place the canned goods by the office doors.

#### **November 11<sup>th</sup> – Veteran's Day Program @ 1:00 PM**

All are welcome to attend the program to celebrate and honor our Veteran soldiers. We would like to honor all Veterans with a certificate of service. Attached is a form to fill out so we can plan for their visit. We will have a designated dress up day by grade level. Grades K-2 wear a blue shirt, Grades 3-4 wear a white shirt, and Grades 5-6 wear a red shirt.

#### **November 13<sup>th</sup> - Science Fair Projects on Display - Change from Corp. Calendar**

Due dates are fast approaching for Science Fair projects: Grades 5-6 are Wednesday (11/5/14) and Grade 4 is Friday (11/7/14). Come to the main gym from 4:00-6:00 PM on Nov. 13<sup>th</sup> to view all the amazing projects.

#### **Playground Donated by NLES PTO**

New playground equipment coming soon! Pictures on PTO website link:

<http://www.jgsc.k12.in.us/nl-ptol.html> The equipment will replace some outdated equipment. Safety regulations require certified wood mulch for the foundation of the new equipment. The existing equipment will continue to have gravel. A Community Build Day on Saturday will be set soon to make all this happen.

#### **Contact Information Updates to Office**

Moving into the winter season means the possibility of school delays and cancelations. If you receive notification via school reach, please make sure your correct phone number is listed accurately in Harmony.

Re: Vaccine-Preventable Diseases

This note is just a reminder to all parents and guardians that there are still diseases out there that can be prevented by immunizations! I know that everyone has their own opinion about childhood immunizations, but it is one fairly simple way that we can protect our children! There are different requirements for immunizations in Indiana depending on your child(ren)'s grade level. I will include a copy of the 2014-2015 School Immunization Requirements for Indiana, so that you can check to see if your child(ren) need any immunizations. If you have received immunizations this school year, please send in a copy of the immunizations for the nurse to update our records.

If you have any questions, please call me at 574-298-2577. Thank you for your assistance with this important issue regarding your child(ren)'s health!

Sincerely,

Teresa Russell, R.N.

<b>3 to 5 years old</b>	3 Hep B (Hepatitis B) 4 DTaP (Diphtheria, Tetanus & Pertussis) 3 Polio (Inactivated Polio) 1 MMR (Measles, Mumps, Rubella) 1 Varicella	
<b>Kindergarten</b>	3 Hep B 5 DTaP 4 Polio 2 MMR	2 Varicella 2 Hep A (Hepatitis A)
<b>Grades 1 to 5</b>	3 Hep B 5 DTaP 4 Polio 2 MMR	2 Varicella
<b>Grades 6 to 11</b>	3 Hep B 5 DTaP 4 Polio 2 MMR	2 Varicella 1 Tdap (Tetanus & Pertussis) 1 MCV4 (Meningococcal conjugate)
<b>Grade 12</b>	3 Hep B 5 DTaP 4 Polio 2 MMR	2 Varicella 1 Tdap 2 MCV4

**Hep B** The minimum age for the 3rd dose of Hepatitis B is 24 weeks of age.

**DTaP** Four doses of DTaP/DTP/DT are acceptable if 4th dose was administered on or after child's 4th birthday.

**Polio** Three doses of Polio are acceptable for all grade levels if the third dose was given on or after the 4th birthday and at least 6 months after the previous dose with only one type of vaccine used (all OPV or all IPV).

For students in grades kindergarten through 4th grade the final dose must be administered on or after the 4<sup>th</sup> birthday, and be administered **at least 6 months** after the previous dose.

**Live Vaccines (MMR, Varicella & LAIV)** Live vaccines that are not administered on the same day must be administered a minimum of 28 days apart. The second dose should be repeated if the doses are separated by less than 28 days.

**Varicella** Physician documentation of disease history, including month and year, is proof of immunity for children entering preschool through 6th grade. Parental report of disease history is acceptable for grades 7-12.

**Tdap** There is no minimum interval from the last Td dose.

**MCV4** Individuals who receive dose 1 on or after their 16th birthday only need 1 dose of MCV4.

For children who have delayed immunizations, please refer to the 2014 CDC "Catch-up Immunization Schedule" to determine adequately immunizing doses. All minimum intervals and ages for each vaccination as specified per 2014 CDC guidelines must be met for a dose to be valid. A copy of these guidelines can be found at <http://www.cdc.gov/vaccines/schedules/>

Dear North Liberty Elementary Parents,

We are excited to bring you Market Day's Fall Life-Style Catalog Fundraiser!

We will receive over 50% profit from this fundraiser. This will help us raise money which will directly benefit your child/children by providing much needed PE supplies and items to enhance the NLES PE program throughout this and the coming years. Our goal this year is to raise \$5,000 for the program, which can be achieved if all participating K-4 students reach a minimum of \$40 in sales.

Please browse through the catalog and share it with your friends, family, neighbors and colleagues. Perhaps you will find some tasty treats or items that you may just have to try. Please keep in mind, for the safety of our children, we strongly discourage door-to-door sales.

Please take note of the following important dates:

- **Orders due to NLES...** **Thursday, November 13<sup>th</sup>, 2014**
- **Internet Orders due...** **Thursday, November 13<sup>th</sup>, 2014**
- **Pick-Up at NLES...** **Saturday, December 6<sup>th</sup>, 2014, 9:00am to 10:00am**

How to order:

- Please gather the entire customer's information and have them make their check payable to **North Liberty Elementary School**. There is **no sales tax** on any items. Please write your child's teachers name at the top of the order form.
- Return the top two pages of your order form(s) with payments to the school no later than **November 13th**. Keep the PINK "Sellers" copy for your reference.
- You may also may have customers place orders on-line and have their order come directly to the school or have it shipped directly to their home. Internet orders must be pre-paid and must include sales tax. However, this is a great opportunity for out-of-town relatives and friends to participate.
- To have customers order online go to: [marketdayfundraising.com](http://marketdayfundraising.com) and type in the sale ID#212795. Be sure to go to the web page first and select "Register your child as a Seller" to ensure they receive proper credit for the sale.

Also, included in your packet is information on the Ka-POW Prize Program. Every time your student reaches a defined sales level, they will receive a new prize. Additionally, NLES PE will provide the top seller in each grade level (K-4) a \$25.00 gift card from Wal-Mart.

We appreciate your support and let's make this a great fundraiser! Any questions, please call Denise Brooks at NLES at 574-656-8123 or Market Day Customer Service at 877-632-7753 with sale ID 212795 and Acct# 7242

Thank you for your support!

Denise Brooks

## **What is Minds-In-Motion and why are NLES Students participating?**

The Minds-In-Motion program combines mind and body training in a way that helps to strengthen the brain's ability to process and organize information correctly. The focus is on correcting deficiencies and increasing performance of the child's vestibular system, or inner ear. The latest brain research is proving that because most mental processes involve both sides of the brain, integration problems between the 2 hemispheres can result in inefficiencies in brain processes. Some children with problems in reading, central auditory processing disorders, language delays, and other learning problem may be suffering from a lack of integration between the two sides of the brain. The Minds-In-Motion Maze addresses these physiological discrepancies through integrating movements that focus on balance.

Research proves that poor integration and inefficient coordination between the numerous brain systems involved in the learning process can be dealt with through sensory integration and motor development exercises. Exercises that improve balance through vestibular stimulation can also improve motor planning, orientation, and behavior.

The 15 types of Minds-In-Motion activities that our students do are specifically designed to address these neural integration issues. They challenge a student's balance and learning capabilities. These tasks are simple exercises that help to:

- Alleviate clumsiness and disorganization
- Improve vision skills for reading
- Improve handwriting skills
- Increase tracking of digits in math
- Combat double vision
- Empower students to walk, stand, and sit in a controlled manner
- Increase focusing ability of students
- Improve tonal quality of speech
- Improve hand-eye coordination
- Affect many more sensory and motor integration issues.

So by working through the Minds-In-Motion activities either daily (K & 2) or every third day (1 & 3), we hope to enhance your child's cognitive abilities as well as their physical health. So be sure to ask your students about the Minds-In-Motion class with Mrs. Brooks and Mrs. Limerick and learn what they are doing to help.
