NLES Summer Reading Program receives National Contest Award

Scholastic contest Dav Pilkey Be a Reading Superhero Educator Contest awards one winner from each state. North Liberty Elementary was selected to represent Indiana and will receive one free book for every student. That's roughly 525 free books! Thank you to the Summer Reading Staff and all those that help to sponsor this SUPER summer activity.

Teacher/Staff Appreciation Week May 2-6

Give a Shamrock Shout Out to our wonderful staff with a thoughtful message thanking them for their dedication. Thank you PTO for treating the staff to some wonderful food this week. Very much appreciated!

Fun Fair – At the Big Top

NLES PTO is proud to announce the 2016 Fun Fair was a **HUGE** success! We want to thank everybody for taking part in this huge fundraiser to support our wonderful school. The online auction for Dr. Long Orthodontic package closes on May 10, 2016 at 5 PM EDT. <https://www.32auctions.com/orthopkg>

A special **THANK YOU** to all the **SUPER** volunteers that came together and worked hard to make the **Fun Fair** operate smoothly! We truly do have amazing parents and community members at **NLES**!

The PTO is extremely excited to reinvest all the proceeds into the school, classrooms, and most importantly **NLES STUDENTS!!** Without the **AMAZINGLY** supportive community none of this would be possible! Stay tuned to see what other cool things the PTO is up to! We would love for you to join us at our next meeting on May 3rd at 7 pm in the school library.

The PTO Board has done an **AMAZING** job leading the events and making North Liberty Elementary "a great place to learn, teach, lead and succeed"

1st -- 6th Grade Bonus Prize!

Students who make at least 2 out of the 3 goals will get a Super Reader t-shirt and will be invited to accompany our Falloween float in September!

1st-- 6th Grade Extra Bonus Prize!

Students who make ALL 3 of the Summer Reading Challenge Goals and do a bonus (10 extra points beyond their goal total throughout the summer) will be invited to help decorate (or make decorations for) the float on the afternoon of Falloween (that is a get out of school free card!). This is at UMS.

The Goals: (Your teachers set these goals to make it obtainable for every student! Go for it!)

Students entering:	Goal for each of the sessions (dates listed above):
1 st grade	3 AR points per session (for example, that's about 6 picture books!)
2 nd grade	4 AR points per session (ex. 8 picture books or a couple of beginning chapter books)
3 rd grade	5 AR points per session (for example: one or two short novels)
4 th grade	6 AR points per session (for example: one or two short novels)
5 th grade	7 AR points per session (for example: two short novels or a solid 5 th grade level one!)
6 th grade	8 AR points per session (for example: two average upper grade books or a nice thick one)
7 th grade	9 AR points per session (for example: that's one nice thick one and one small one!)

How do I get AR Points? Read a book, take an AR quiz!

- On Tuesdays and Thursdays, grab a free lunch, then take a quiz! Students may quiz at the **North Liberty Elementary School Library** Tuesdays from 11:30-2:30 and Thursdays 11-1pm
- On Thursdays and Saturdays quiz at the NL Public Library. See schedule below.
- Additional times at Walkerton Elementary School, too. See schedule below.
- Parents should encourage students to read books at their reading level. (If You Give a Mouse a Cookie is ok for 1st graders, but not 4th!)

May the Books Be With You!

2016 FIELD ALL★STAR DAY NORTH LIBERTY

This year we are excited to see the return of the North Liberty Shamrock's Field Days. This will be the fifth annual field day that will be sponsored by the NLES PE department. For many of you who were North Liberty alumni, you probably have fond memories of NLES field days from the past. This year's plan is to hold an afternoon of fun filled events for the different grade levels. 1st through 6th grade classes will compete with each other on their grade level in 6 events.

Grades 4th-6th - Monday, May 23rd, 2016

Grades 1st-3rd - Tuesday, May 24th, 2016

The Field Days Events will begin as soon as the students are done with their lunches. The events and recognitions will take the entire afternoon. We will move the event indoors if the weather is bad. We appreciate all the parents who have volunteered to assist with this field days. We already have filled all of our volunteer positions. Thanks for being so generous with your time.

Lions Clubs International

Lions Clubs International was created in 1917 by Chicago businessman Melvin Jones. The International Lions Club is the largest service organization in the world with 46,000 clubs and over 1.35 million members in 202 countries.

Lions Club members give of their time, skills, resources for raising funds for charitable giving in their communities, state, country, and world.

Sight conservation became a major goal after a speech by Helen Keller at the Lions International Convention in 1925 as Lions were challenged to become “Knights of the Blind.”

Our Local club (Greene Township Club) has been extremely generous to our students and in our communities. This year alone, they have helped provide glasses to several NLES children, helped an NLES family with an ill child, and provided their famous train at several events. They will be sponsoring the Strawberry Festival in June.

Greene Township Lions Club is currently looking for new members. YOU would be perfect! Contact Keith Shearer, Membership Chairman at 574-274-2278 or Stephen Eddy, President at 574-289-9365. Please share this information with others you believe would make great members.

The Swoop Scoop

"Swoop" is a nickname for our Title I Program. Students in grades K–3 may qualify for extra reading support each semester thanks to a federally funded program for which JGSC qualifies. Currently, our Swoop Groups service over 80 of our NLES Shamrocks in grades kindergarten through grade 3. Monday through Thursday, the students work in consistent small groups with reading lessons led by an instructional aide. Our aides assist in classrooms, as well. Mrs. Weiss, Title I teacher, alternates between children to work with different students throughout the semester.

We are excited about the next **Family Involvement Night!** **May 17 from 5:30–7pm.** Our theme is Beach and Books, so wear your shades and get ready for some fun. We are planning a book swap, a cool craft, hot dogs, icees, and cookies! Mark your calendar to join us! You'll receive a flyer and RSVP soon.

Be sure to check out the flyer for the 2016 Summer Reading Program in this newsletter. Your child should **definitely** participate. Tons of great activities and trips: bowling, "The Secret Lives of Pets" movie (with popcorn and drinks, of course!), SkyZone, a family picnic, our famous Super Reader t-shirts, a parade float, and more! Get this... everything is absolutely FREE! Just read and earn your way to a great time inside a book and out! This is a great way to keep your child reading and motivated over the summer. Parents and grands or caretakers can read with or to the child, as well. What fun!

Last spring, our 2nd–4th Grade Swoopers and parents were involved with the filming of a **Super Readers Promotional video.** The NLES students joined real film crew experts from the high school drama and choral departments. Check out the link to the video on the NLES webpage! Check out the Super Readers Flyer in this newsletter!

Keep up with Summer Reading on North Liberty Elementary School's Facebook!

Small Group Spotlight:

2nd grade Swoopers read a book titled Hunting for

Bigfoot. **Kyliee** made a text to self connection, "My dad makes fun of Bigfoot, so reading this book reminded me of my silly dad." **Zoe**

talked about her favorite part, "The book was funny because Bigfoot was right behind Professor Piffel, but he didn't turn around. He said, 'No Bigfoot!'" **Konner** gave his opinion of this book. "I thought it was funny,

humorous, and entertaining. I liked when they got stuck in the cave and the professor didn't see Bigfoot. It was good when Bigfoot stole some bananas from the fruit bowl by the window." The students were discussing whether or not the evidence presented

convinced them that Bigfoot was real or not. They were curious to find out what their classmates thought. Is Bigfoot real or make-believe? The three students polled their homeroom classmates and tallied the results. Check it out! Three classes were polled. They were rather surprised with their results:

Ms. Anderson's	Real	8	Make believe 15
Mrs. Morris's	Real	9	Make believe 15
Mrs. Old's	Real	18	Make believe 5
Total 2nd Grade	Real	35	Make believe 35

Can you believe that? An exact tie!

Find yourself a great book! Keep reading and finish up the school year with a bang! If you have any questions or suggestions regarding our Swoop Title I Program, please contact Mrs. Amy Weiss aweiss@jgsc.k12.in.us.

Author Visit

Mrs. Olds' Second Grade Class had the pleasure of visiting with author A. J. Cosmo. This was not an ordinary classroom visit, but a visit via the Internet. This 45-minute visit took place on March 23rd with students talking to A.J. Cosmo who lives in Los Angeles, California. Students were excited to ask questions about writing and illustrating to a professional author. They read many of his books and prepared questions ahead of time.

This visit was the result of Christian Good, a student in Mrs. Olds' classroom.

One night, Christian's mom (Jennifer) read him a story, The Little Bleeble, from her Kindle. Christian liked the story so much, he asked his mother to read it every night! Since he was such a huge fan, they decided to write A.J. a letter. Mr. Cosmo not only responded, he began corresponding with Christian and Jennifer.

He even sent Christian a hand drawn picture of the Little Bleeble! Jennifer was kind enough to ask A.J. if he would please visit with our class. He agreed, and our video interview idea was hatched!

The visit was amazing! We all learned something and enjoyed Mr. Cosmo delightful storytelling and explanations of his writing process. If you would like to see and hear more about the visit, look on our school's Face Book page for photos and a video clip.

Another exciting announcement- A.J. Cosmo turned his EBook of The Little Bleeble into a paper-back version, and he dedicated the book to Christian! He has also made this into a movie. You can search YouTube for The Little Bleeble or find the movie at

<https://www.youtube.com/watch?v=P9vPbPMnzcg&feature=youtu.be>

Read more about this wonderful author at www.ajcosmo.com. His books can be purchased from Amazon. The Kindle App can be downloaded for free on an iPad, and you can purchase his books electronically. He also offers many free books on his website.

2016 Creative Arts Camp

Information for Participants

Hello!, and welcome to **ArtSparks**, a performing arts education organization sponsored by Encore Performing Arts, a 501(c)3 not-for-profit.

The mission of **ArtSparks** is to “ignite the creativity of students through the established elements of originality, fluency, flexibility, and elaboration.” To do this, we use the performing arts of story-boarding, drama, and movement to encourage participants to develop life skills in our summer Day Camps.

Creative Arts Camp schedule for 2016 is:

June 6-10 9:00 am - 4:00 pm

June 11 11:00 am Public Showcase

Camp is for students that have finished grades 3 – 9.

Students will spend the week working with their peers in “pure improvisation” (instant) exercises and creation of vignettes to present as a group. They will be led to think quickly, interact with their peers, and build confidence before an audience, while having fun, fun, fun!

They will attend at the Little Moon Theatre located in Wild Rose Moon, downtown Plymouth, all day M-F and a half-day on Saturday.

Tuition = \$130 for the 38 contact hours

Summer Enrichment 2016

Dear parents,

Registration for Summer Enrichment is just starting. Enrichment will be held at North Liberty Elementary from May 26th thru July 8th. The second session will be at Walkerton Elementary from July 11th to Thursday August 11th coinciding with three of the weeks of summer school and the two weeks after. Our program will be held from 6:30am until 6:00pm. If your child is involved in other programs held at WES, during Summer School only, and would like to join ours after they are finished in the AM arrangements may be made through Mrs. Charman Dreessen. Part time enrollment is available at 3 days a week. **I do not accept kids for just the field trips only.** The cost of the program will be \$18 a day along with a \$10 registration fee. Registration fee is due by May 10th to guarantee a spot; if the program is not full by May 20nd registrations will still be accepted. Payments are to be made the beginning of each week during the enrichment.

SHORT NOTES

Water safety

Swimming is lots of fun and great exercise for your children. Keep it safe by making sure a responsible adult watches them the entire time they are in the water. Also, look for free or low-cost swim lessons at a community pool to help your kids be water-safe for life.

Just what I wanted

Looking for the perfect present for a teacher? A gift certificate to a bookstore or an office supply store is always welcome. Consider donating a book to the school library in the teacher's name. Or suggest that your youngster draw a picture or write a poem for her teacher.

Raising good sports

You can teach your child to be a good sport by being one yourself. When you attend a game, clap and cheer for players who try hard, even if they're on the other team. You'll help your youngster learn to be gracious to everyone in the game.

Worth quoting

"A book is like a garden carried in the pocket."

JUST FOR FUN

Teacher: What is an island?

Laura: A piece of land surrounded by water except on one side.

Teacher:
On one side?

Laura: Yes. On top!

Summer learning

How can you keep your child learning over summer vacation? Here are some suggestions from teachers that will delight—and engage—your youngster.

Make a mailbox

Put your child's name on an empty cereal box, and drop notes in daily. Encourage her to send notes back to you to boost both reading and writing skills.

Do a science experiment

Have your youngster place a stalk of celery in water with red food coloring. Ask her to guess what will happen to the leaves. (They will turn red.) Let her make a guess (hypothesis) ahead of time on when they will change color. How close did she come?

Compare and weigh

Develop your youngster's math skills at the grocery store. She can compare different brands and sizes to find the best buys. Have her weigh fruits and vegetables and estimate their cost.

Conduct a survey

Taking family opinion polls can help with research skills. Each week, encourage your child to ask a question

("What's your favorite flavor of ice cream?"). Ask her to record the answers and report on her findings at dinner.

Practice ABC order

On a car ride, see if your youngster can spot and name objects in alphabetical order. *Example:* adult, basketball hoop, church. She'll work on vocabulary, language, and observation skills.

Read every day

Visit the library for new books. Read to your child and listen to her read to you. Take books along with you on picnics and vacations. Your youngster can never read too much! ♥

Saying "I love you"

There are many great ways to tell a child, "I love you." You might:

■ Tuck a note in his lunch saying something you love about him ("Your jokes make me laugh").

■ Make his favorite meal. Serve it with an "I love you" note on his plate.

■ Listen and respond to his ideas. "You're right! We should go to the zoo again soon."

■ Send him an e-mail. "You're the best! I'm glad you're my son."

■ Leave a heart on his pillow signed, "Love, Mom."

■ Spend 10–15 minutes a day playing together—with no distractions. ♥

Music for the mind

You know music can make kids laugh, dance, and be happy. But did you know it can also help them with math, reading, and other skills?

Add music to your youngster's routine with these ideas:

♪ Encourage your child to sing and clap along to favorite music. He will pick up on rhythms and patterns—important concepts in math and reading. He can also march or dance to the beat of the music. *Note:* Some children learn best when they're moving around. Reciting math facts while marching is a fun way for them to learn.

♪ Play classical music while your youngster does math homework. This type of music can stimulate parts of the brain that help kids understand math.

♪ Listen carefully to lyrics together. Suggest that your child try to remember the words and sing them later. Learning songs by heart can strengthen his attention and memory skills.

♪ Put on fun and bouncy music when your youngster is brainstorming ideas for school assignments. Since music spurs creativity, you may find him thinking in new and different ways. ♥

PARENT TO PARENT

No time for tattling

My middle child, Andrew, used to tattle constantly on his brother and sister. It made them mad, and it annoyed me. I didn't want to ignore Andrew if the other kids were breaking rules, but I didn't want to reward him for tattling either.

Luckily, my mother-in-law came to the rescue. She told me, "Tattlers tattle because they want to feel important. See if you can find other ways to help Andrew feel important."

So I put Andrew in charge of our after-school calendar. It's

his job to review the calendar each morning and remind me who needs a ride to an activity that afternoon. He loves being my special "calendar helper." And I love that he's tattling less now that he has a better way to get my attention! ♥

Q & A

Type "right"

Q: My daughter loves to use the computer, but her typing is all hunt-and-peck. How can I help her learn to type?

A: Your child is likely to be using computers her entire life, so it's important for her to learn keyboarding skills. You can make the process more fun with software that uses games to coach kids along. You might try *Typing Instructor for Kids* (Individual Software Inc.) or *Ten Thumbs Typing Tutor* (free trial at www.tenthumbstypingtutor.com).

As she's learning, give your daughter lots of opportunities to practice. You can dictate your grocery list to her or have her type her spelling words. She'll be happy to see that once she can type without looking, she'll be able to focus on her work rather than watching her fingers. ♥

Family history

Your child can learn a lot about her family by knowing the jobs that grandparents, aunts, uncles, and great-grandparents have held. Help her develop research skills—and learn about her past—by creating a family work history.

First, have your youngster call, write, or e-mail relatives to tell them about her project. She can ask them each the same questions. *Some possibilities:* What was your

first job? What year was it? How old were you? What was (or is) your main career? What has been your favorite job? Why?

Then, help her write out each relative's work story. She can arrange them in order from the oldest living relative down to you. Let her make copies at the library to share with everyone she interviewed. Her document is sure to become a treasured family heirloom. ♥
